Meeting w/ MBTA, Rick Colon, re: SCX Idling in a Residential Area
Rick Colon - MBTA, Jim Eng – Mass Rail & Transit, John “Jody” Ray – Deputy Administrator Rail, Normal Orral – State Representative, Kathleen LaNatra – State Representative, Mary Wasylyk – Senator Pacheco’s Chief of Staff and Adam Bond were present for the discussion.
Rick Colon speaks to the Board about the concern of the community with the CSX engines idling. He introduces Mr. Eng and Mr. Ray who will speak on the short and long term solutions for this issue. Mr. Eng speaks to the Board about the plan to install four plug-in units on the ground and retrofit the 6 locomotives so that they can plug them in rather than have them idle. It is explained that the locomotives have to have heat so that the water doesn’t freeze. The plug-ins system is what is used in their other layover areas. Mr. Eng noted that they are working with MassDOT to help CSX fund some of the material for this project.

Mr. Ray spoke about the short term plan for the idling, which is to move the location where the four locomotives sit. Mr. Ray explains that behind the existing MBTA parking lot there is another layover area that is more remote and can be used for the CSX trains currently, until the plug-ins are installed.

Selectmen Frawley expresses concern about the other layover location and reminds them that there are couple of high rises in that area and he is sure they do not want the smell or noise of idling engines in their area either.

Mr. Bond thanks the group for their assistance. He asks if a letter can be sent from CSX that states what they are presenting. He speaks about the ongoing idling issue and asks the Board to consider holding CSX order for a period of sixty or ninety days for a report to come back on the status of this matter, so that they are continued to be monitored on this matter. Selectmen Rosenthal asks that the neighbors provide testimony to the representatives about their experiences living in the area. Two residents speak on the matter.

Chairman Knowlton recommends that the group gets their game plan together and then shares it with the Town Manager and the Board and at that point we can talk further about the Cease and Desist. He asks that as soon as they have the information the Town needs to know. It is reiterated that the Board wants to know what the timeline is with when funding is received and when CSX has the equipment in hand to do the installation.

Normal Orrall, State Representative, spoke briefly about the matter. Mary Wasylyk spoke on Senator Pacheco’s behalf about the matter and noted that they had reached out to Congressman Keating’s Office. Mr. Jackman, from Congressman Keating’s Office, reiterated that this is a new issue for them and that they will work with MassDOT to get CSX to abide by this agreement and they are happy to assist with it.

Upon motion made by Selectmen Stewart and seconded by Selectmen Frawley, the Board voted unanimously to suspend, for a period of sixty days, the Cease and Desist and ask that at the end of sixty days any correspondence on the matter be reviewed and to ask for input from the CEHIC, Health Agent and Fire Department.
