

**THE TOWN OF MIDDLEBOROUGH  
DEPARTMENT OF PUBLIC WORKS  
NOTICE OF A PUBLIC INFORMATIONAL MEETING  
ROADWAY IMPROVEMENTS – WAREHAM STREET  
CENTER STREET TO WOOD STREET**

A Public Informational Meeting will be held by the Town to discuss proposed improvements to Wareham Street.

WHERE: Town Hall  
Selectmen's Meeting Room  
10 Nickerson Ave  
Middleborough, MA 02346

WHEN: Tuesday, June 13, 2017 @ 7:00 PM

PURPOSE: The purpose of this meeting is to provide the public with the opportunity to become acquainted with the proposed improvements to a portion of Wareham Street. All views and comments made at the meeting will be reviewed and considered to the maximum extent possible.

PROPOSAL: The project involves improvements to Wareham Street from Center Street/North Main Street/South Street to Wood Street for an approximate distance of 1.2 miles, in addition to limited work on intersecting local roadways. The proposed improvements include pavement resurfacing and full depth pavement reconstruction, sidewalk and curb ramp reconstruction to comply with the Americans with Disabilities Act (ADA), traffic signal improvements, bicycle accommodation, warning and regulatory signing and pavement markings.

The existing traffic signals at the Wareham Street/Center Street/North Main Street/South Main Street intersection will be reconstructed. Minor roadway widening may be required to provide a sufficient cross section for travel lanes and bicycle accommodating shoulders.

Stormwater improvements will be limited to new structures at locations where curb realignment is proposed and adjustment of existing structures due to minor curb relocation or vertical pavement grade adjustments.

Christopher Peck  
Director, Department of Public Works
